

SPO-6011

PoE injector

Key Features

- 60W / 1.1A HPoE injector
- SFP port included

SPO-6011

PoE injector

Specifications

Environmental

Operating Temperature / Humidity	-40°C~+55°C / 20~90% RH(non-condensing)
Storage Temperature / Humidity	-40°C~+85°C / 10~90% RH(non-condensing)

Electrical

Input Voltage	100~240VAC
---------------	------------

Mechanical

Color	Black
Material	PC(Polycarbonate)
Product dimensions / weight	218x85x41mm / 480g
Supported products	XNP-C6403R ※ For further compatible models, please visit our website or use Toolbox
